Kalamazoo County Environmental Health Unit
Housing/Nuisance Complaint Form

The Kalamazoo County Environmental Health Unit responds to complaints received that effect the health and safety of the community as it pertains to public health. Authority is given under the Kalamazoo County Sanitary Code and The Michigan Public Health Code for corrective action. Some issues may be referred to another local agency or authority, and some issues are a matter of providing a property owner with educational information. A copy of the Kalamazoo County Sanitary Code is available on our website. Please provide as much information as possible to ensure a timely investigation. Photographs and other supporting documentation are suggested but not required. As a field inspection may be necessary, contact information for the property owner is very important. Please call (269-373-5337) or email our office if you have any questions: ehincoming@kalcounty.com.

Note: This unit does not perform mold testing. Mold resources and mold clean-up information can be found at: http://www.epa.gov/mold
