

**KALAMAZOO COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY**

**PROPOSED PROJECT APPLICATION**

The Kalamazoo County Brownfield Redevelopment Authority was awarded a \$400,000 grant from USEPA to assess potentially contaminated or contaminated sites (Brownfields) in Kalamazoo County. Funding may be used for certain eligible activities including: Phase I and II Environmental Site Assessments, Baseline Environmental Assessments, Due Care Plans and Clean-up Planning. All approved funded activities must be conducted by the County’s authorized environmental consultant Envirollogic Technologies, Inc.

This application has been developed for interested parties requesting potential Brownfield funding on a redevelopment project within Kalamazoo County. Project funding will be considered by the Authority on a case-by-case basis considering the merits of the proposed project. Criteria for project consideration will include evaluating potential for re-investment, job creation, availability and condition of infrastructure, environmental issues at the site and other benefits to the community. Based on a review of your completed application, we will contact you within ten (10) business days to discuss the next steps in the process or if we need additional information. You should be present at the BRA meeting when your request is heard; you will be advised of that date and location when it is scheduled.
