

Information for Kalamazoo County Installers: How to Register to Install Onsite Sewage Treatment Systems

In order to register to install sewage treatment systems in Kalamazoo County, an installation company's **business owner must take and pass a written test.**

This test reflects changes to the Kalamazoo County Sanitary Code that went into effect on November 12, 2007. Even installers that have been registered and doing business in Kalamazoo County prior to November 2007 must have the business owner take the test. **This test only needs to be taken and passed once before the first year's registration and will not have to be taken in subsequent years.**

After passing the test and paying the fee, the company will then be a registered installer in Kalamazoo County. **The registration is valid through December 31 of that year.**

To Re-Register in Subsequent Years

A company's business owner, and possibly additional employees, must have appropriate training during a registration year in order to re-register. The business owner must earn at least 4 Continuing Education Units (CEU's), and either the business owner or other key employees must earn 4 additional CEU's. In other words, **8 CEU's must be earned during a registration year with at least 4 of those CEU's earned by the business owner in order for a company to register for the following year. Eight CEU's must be earned every year.**

The Environmental Health Unit will provide the opportunity for business owners and employees to earn CEU's by hosting an Installer Conference in the late fall every year. This will allow the installers to fulfill a portion of their requirements and register for the following year. Other conferences and trainings will be considered for fulfillment of these CEU's. The conference or training must be relevant and appropriate as determined by the Environmental Health Unit. If an installer chooses to use CEU's from another conference or training to fulfill the yearly CEU requirements, the installer should submit an agenda from that conference prior to the fall Installer Conference. This way, the installer will be assured that the earned CEU's are acceptable, and attendance at the Kalamazoo County Installer Conference is not necessary. Of course, installers are encouraged to attend the Installer Conference in any event to meet with Environmental Health Unit staff outside of day-to-day field and sites visits and understand issues pertinent to Kalamazoo County.

Quick Summary

- ✓ **The business owner must take and pass a test the first year of registration after November 12, 2007. The test need only be taken the first year.**
- ✓ **Registration expires every year after December 31.**
- ✓ **In order to register for the following year, 8 CEU's must be earned, with 4 of these being earned by the business owner. These 8 CEU's must be earned every year prior to registering for the following year.**
