9:00 to 11:30 a.m.

Third Tuesday of every month

Walk-in Services only

Call 373-5264 or 373-5239 for more information.

Kalamazoo County Health & Community Services Department (KCHCSD) participates in the Federal "Vaccines For Children" program, which provides vaccines to children who have Medicaid, no insurance, or no insurance coverage for vaccines, or are Native Alaskan or Native American Indian. Please call your insurance provider to find out if you have any immunization coverage. If you have any portion of the vaccines covered, you need to receive immunizations at your doctor's office. KCHCSD does have a small supply of privately purchased vaccine that is available to anyone at the market price. Prices for these vaccines vary. Please call 373-5264 or 373-5239 for more information.

Important! Bring in your child's immunization record.

The Health & Community Services programs are open to all without regard to race, color, national origin, sex or disability.
