RE: Review of 2013 Budget and Five Year Projections

For presentation and discussion at your February 5 COW we have included four spreadsheets outlining the 2013 Operational budget. These items do not require approval but are used to review operational parameters for the year ahead. We want to present these at the beginning of the year for discussion and to advise you of the continued need for fiscal discipline in the political and economic environment.

Adopted 2013 Operational Budget
Our $ 82,811,200 Operational Budget is attached as presented. This is the revenue and expenditure presentation of each operational fund displaying our budget has a net zero impact with the utilization of carryover.

Five Year Projections – Operating Funds
This analysis was included in the operational workbook for discussion. It represents forecasted revenue and expenditure for 2013 through 2017. Property Tax estimates, including the projected reduction of $1.2 million in Personal Property Tax, are represented in this analysis. This forecast also assumed no salary steps or increases and no use of carryover in future years.

Target Allocations for the Adopted 2013 Carryover
Carryover is a budget balancing mechanism that encumbers a portion of previous year carryover to the following year's budget. In 2013, $1,040,700 was designated as carryover. The goal with any budget is not to utilize any monies from fund balance and to operate within revenue capacity of the current year. Kalamazoo County has often times budgeted carryover when needed but through diligence and efficiencies has been fortunate not to require the need to use carryover during many budget years. We must emphasize that long-term dependence on carryover is an unsustainable financial practice, and a practice that has jeopardized many local governments, and threatens the solvency of many states and the Federal government, if not corrected.

The spreadsheet titled 2013 Carryover Allocation represents a proportional cut to each activities budget which would be required to eliminate our need for carryover. These numbers were presented to Elected Officials, Court Administrators and Department Heads at the December

Department Head Meeting. We are not recommending these cuts be adopted by the BOC. These amounts display a target for each department to remain committed to reducing. If they cannot be reduced voluntarily in the current year, budget reductions will be recommended in 2014.

Five Year Projections ~ Draft Allowing Steps

Employees of Kalamazoo County have not received salary schedule increases since 2009 and steps for 2012 were frozen. It is unlikely we will be afforded the ability to again freeze steps and hold salary schedules consistently and be able to attract and retain quality employees. We have revised the Five Year Forecasts to include step increases to be able to discuss what financial constraints will be evident should we grant steps in the future. This revised analysis represents an additional $2.5 million over the next five years will need to be redirected to grant steps.

What these spreadsheets display is that while everyone here at the County has worked diligently to place and keep us in excellent financial condition, we project a problem which we will need to address. Placed in the context of other long-term economic challenges at the State and Federal level, we need to continue our practice of staying ahead of the financial curve. That means that not only do we not have additional money to expend, we will need to reduce a projected minimum of $2.5 million over the next five years.

In the coming weeks, we will recommence the presentation and discussion of post-employment retirement benefits for county employees, as a function of looking at overall compensation. We will follow that discussion with some recommendations in advance of the 2014 budget deliberations to enable us to reduce or erase this deficit projection. We are confident that following this analysis, and with the appropriately measured response, we will be able to address the problem.

As always, please let us know if you have questions or want to discuss this prior to the COW meeting.

Re: Closure of District Court – Shaver Road Courthouse

Officials from the District Court will be present at your February 5 Committee of the Whole to present you with information concerning the elimination of a District Court judgeship and the consequent need for the Court to close its operations in Portage. The item is for discussion purposes only as the Court has the power to unilaterally terminate its operation there.

Administration will also be presenting options and opportunities for discussion as it relates to the District Court Consolidation Agreement and our ongoing partnership with the Court and the City of Portage.

Please see the attached letter sent to Maurice Evans on December 21.

Mr. Maurice Evans, Manager
City of Portage
7900 S. Westnedge Avenue
Portage, MI 49002

Dear Mr. Evans:

As per our telephone communications over the last few days, I am sending this letter and attachment concerning the 8th District Court, South Courthouse. You have asked for cost savings information to the County in the event the Court vacates the Portage facility. Please see the attached spreadsheet. The spreadsheet summarizes savings to the County/Court as a result of the elimination of a Judgeship and savings as a result of the District Court vacating the Portage facility. I also have some clarification on our Corporate Counsel's opinion and advice concerning the District Court Consolidation Agreement.

It is important to emphasize that there are two separate but related issues here: (1) recent State of Michigan action to reduce one District Court Judgeship in Kalamazoo County, and (2) the resulting need and decision by the District Court to cease its operations in Portage. While it has not previously been the District Court's desire to close operations in Portage, it is this elimination of a Judgeship that is forcing the District Court to vacate.

In the last two days, we have received an opinion from the County's Corporation Counsel regarding the Consolidation Agreement. Mr. Canny has advised the Court that it has the power to cease its operations in Portage without approval by the City of Portage. Mr. Canny has advised that the Consolidation Agreement is essentially a lease agreement which can be terminated upon some form of reasonable notice. Judge Bridenstine will be contacting you soon to discuss and advise you as to the Court's intention to move its operations from Portage to its other two locations.

Prior to this, the County has been going on the assumption that all parties must agree for the change to take place. In hindsight, I wish that reading could have been clearly

understood on our part and communicated to you privately with your leadership, prior to a public discussion of the issue. I am sorry for that.

On behalf of the County, we want to proceed with the City of Portage in a way that that preserves the trust, cooperative spirit and the critical working partnership between our two governments on many intergovernmental issues.

Sincerely,

Peter Battani
Administrator/Controller

ADMINISTRATIVE SERVICES MEMORANDUM

TO: BOARD OF COUNTY COMMISSIONERS

FROM: THOM CANNY, CORPORATE COUNSEL

DATE: JANUARY 16, 2013

SUBJECT: COUNTY BOARD BYLAWS AND RULES OF PROCEDURE

This Memorandum is intended to recap and summarize the Board's recent discussions concerning the proposed changes to Sections 1.1, 2.6, and 4.1, of the Board's Bylaws.

Section 1.1

Based upon the discussions during the January 15, 2013 meeting, I believe that the Board was in agreement with the proposed changes to Section 1.1 of the Bylaws entitled "Board Membership."

Section 2.6.C.

There was less consensus on the proposed changes to Section 2.6 "Appointments to Boards, Councils, Commissions, etc.; Appointment Committee." After listening to the Board's discussion, I believe that the following proposed changes to Section 2.6 would strike a balance between leaving Section 2.6 as it is currently written and the changes discussed at the January 15 meeting.

> "2.6.C. The Board of Commissioners shall, as a committee of the Whole, interview applicants for positions on the following boards/commissions/etc.,:
>
> i. Initial Appointments, ~~Reappointments, and Replacement appointments~~ to Position(s)on the Kalamazoo County Board of Road Commissioners, the Kalamazoo County Transportation Authority, the Kalamazoo County Community Mental Health and Substance Abuse Services; the Kalamazoo County Aeronautics Board of Trustees, the

Kalamazoo County Land Bank Authority, the Kalamazoo County Housing Authority, their successor agencies; and,

ii. Initial Appointments to Position(s) upon Authorities, Boards and Committees, created after May 1, 2006. ~~This provision does not apply to reappointments, or replacement appointments, to said Authorities, Board and Commissions, unless the Board of Commissioners, by a majority vote, decides to interview an individual as a Committee of the Whole.~~

iii. ***Reappointments, and Replacement appointments to Positions identified in subsections i. and ii., above, do not require a full Board interview unless the Board of Commissioners, by a majority vote, decides to interview an individual as a Committee of the Whole.***

These changes would mean that the Board still interviews first time candidates for appointment to the Aeronautics Board, Community mental Health and Substance Abuse, Land Bank, Public Housing Commission, Road Commission, Transportation Authority, and to positions on newly created authorities, boards and commissions. However, once a person interviews before the full Board for appointment to one of these bodies, the Board does not re-interview the person, as a Committee of the Whole, if the person is seeking to be reappointed to the body, or to be appointed as a replacement for a departing board member.

Section 4.1

Finally, in the Board's January 15, Committee of the Whole packet, the following language was proposed to be added to Section 4.1 "General Conduct" of the Bylaws, as a new addition to the responsibilities set forth in Section 4.1.

> "A County Commissioner should:
>
> Encourage the free flow of information between Commissioners, county employees and county administration, concerning county business and Respect and Reinforce the County's organizational chain of command by notifying county administration when Commissioners contact county employees about county business."

There was considerable discussion about the intent and meaning of this proposed language and a number of Commissioners expressed an interest in seeing clearer language. Vice-Chairperson Buskirk has assisted in rewriting the proposed addition to Section 4.1 "General Conduct" in

order to address the questions and concerns raised during the Board's discussion. This rewrite provides as follows:

> "A County Commissioner should:
>
> Whenever possible, include the County Administrator and county administration when communicating with county employees about county issues of substance. This principle is not intended to discourage communication between Commissioners and employees, but, is intended to secure the most relevant and accurate information about important county issues."

Hopefully, this rewrite fully addresses the questions and concerns raised at the Board's January 15 meeting.

Next Steps

Please contact the Corporate Counsel's Office at your convenience to indicate whether you agree with the changes to Section 2.6.c and Section 4.1, as outlined in this Memorandum, or, if you have questions or concerns about the changes. The Corporate Counsel's Office will compile your input and report back to you at your Committee of the Whole meeting on February 5, 2013. At that time the Board will be able to determine which amendments it wishes to make to its Bylaws and formally adopt the Bylaws at its regular meeting on February 19, 2013.

Thank you for your time and consideration in this matter. Please feel free to contact me at your convenience if you have any questions, comments or concerns regarding this Memorandum or the Bylaws.

Re: Board Retreat

Your Board team building retreat is scheduled for Saturday, April 6th from 8:30 a.m. to 4 p.m. at The Oaklands located at 1815 West Michigan Avenue. You are being asked to approve a contract with Mr. Bender for the one day retreat in the amount of $2,000 plus travel. The combined cost of Mr. Bender and the facility should be well within our budget for strategic planning.

Re: Kalamazoo County Transportation Authority (KCTA) Reappointments

Three people have requested reappointment to the Kalamazoo County Transportation Authority: Linda Teeter, Greg Rosine and Jeff Breneman. Administration recommends you forward these requests to your appointment committee, consistent with your anticipated by-law changes.

We recommend reappointment of these three, as they are members in good standing and are key to the continued progress toward countywide transit. We recommend that your appointment committee review these applications with a view toward reappointment at your February 19 meeting. Linda Teeter has served since 1/17/06. Greg Rosine has served since 3/6/07. Jeff Breneman has served since 8/12/10. If reappointed, they would serve another 3-year term, 1/1/13 - 12/31/15.

Chairman David Maturen, Chairman

Kalamazoo County Board of Commissioners

201 West Kalamazoo Ave.

Kalamazoo, MI 49007

Dear Chairman Maturen and members of the Kalamazoo County Board of Commissioners:

I am writing to ask your consideration, of my request, to be appointed to the Kalamazoo County Transportation Authority (KCTA) for a term of three years.

In 2006, I became a member of the Kalamazoo County Transportation Authority. I sought a position on the KCTA because of my desire to work towards and the achievement of a fully integrated public transportation system under the KCTA and the placement of a millage for local funding for public transportation services (demand response services, fixed route services outside of the City of Kalamazoo)

Together the KCTA members, the County Board of Commission and leaders throughout our county have worked toward the goal of the integration of the systems, but there is more work to be done. I am, therefore, asking for your support of my reappointment to the KCTA.

I am available, are your convenience, to attend a Kalamazoo County Board of Commissioners' meeting, to discuss my reappointment. My contact information 269-352-3811/linda902@aol.com.

Sincerely

Linda A. Teeter

RE: Re-appointment to the Kalamazoo County Transportation Authority

Dear Commissioners;

I write to express my sincere interest in serving a second term on the board of the Kalamazoo County Transportation Authority. During my tenure on the board, we have made great progress towards further developing a true regional transportation system in our county.

The legislation signed into law by Governor Snyder that allowed for the creation of the second authority and the hiring of our first executive director, Sean McBride, are two important highlights during the last few years. Much work remains to be done as we work, with strong citizen input, to transform our existing transportation system into a well planned regional system that serves the needs of a growing ridership in broader areas of our county. We must work diligently to educate our residents about the economic development and quality of life improvements that can be achieved with a state-of-the-art regional transportation system that is well-managed to meet the needs of our citizens at the lowest possible cost.

I hope you will consider my request to be reappointed. Much work remains to be done and I am committed to being a strong voice for our region's future.

Respectfully submitted,

Jeffrey Breneman
