## Debris Removal Guidelines:

- 1 Conduct visual inspection to check for any downed power lines
- 2 Itemize personal property, with special attention to **hazardous waste**
- 3 Use caution when walking through storm debris. Wear long pants and sturdy shoes
- 4 Residents and business owners should treat construction and demolition debris as potentially containing asbestos, and maintain in a wet condition until disposal

## Seguridad contra Garrapatas y Mosquitos

- 1 Utilice camisas de manga larga y pantalones para evitar el contacto directo con garrapatas o mosquitos.
- 2 Aplíquese repelente de insectos registrado por la EPA y considere la posibilidad de tratar su ropa con repelente antes de estar al aire libre.
- 3 Conozca dónde puede haber garrapatas: en zonas de hierba, arbustos o bosques.
- 4 Revítese en busca de garrapatas al volver a casa
- 5 Siga las directrices adecuadas para la retirada y eliminación de garrapatas
