

# Document Changes

7/17/12

1. Page 35 of hardcopy (shows Page 48 on electronic copy), deleted red text, and added purple text as follows:

## ***B. Background Evaluation***

An initial feasibility investigation shall be conducted to screen proposed BMP sites. The investigation involves review of the following resources:

- County Soil Survey prepared by the NRCS and USDA Hydrologic Soil Group (HSG) classifications (<http://websoilsurvey.nrcs.usda.gov/app/HomePage.htm>)
- Existing soil borings, wells or geotechnical report on the site.
- Onsite septic percolation testing.
- Regional groundwater data (Michigan Groundwater Mapping Project website (<http://gwmap.rsgis.msu.edu/>)).

Kalamazoo County Depth to Groundwater Map

([http://www.kalcounty.com/drain/new\\_pdfs/DepthToWater\\_Portrait.pdf](http://www.kalcounty.com/drain/new_pdfs/DepthToWater_Portrait.pdf)).

- Cyclical groundwater levels (<http://waterdata.usgs.gov/mi/nwis/gw>). ([http://groundwaterwatch.usgs.gov/countymaps/MI\\_077.html](http://groundwaterwatch.usgs.gov/countymaps/MI_077.html)).

2. Page 37 of hardcopy (shows Page 50 on electronic copy), second paragraph; changed “shall” to “may.”
3. Page 66 of hardcopy (shows Page 79 on electronic copy), fourth paragraph; changed 8 ft/s to 10 ft/s.
