

**Housing and Nuisance Complaint**

Kalamazoo County Environmental Health responds to complaints that effect the health and safety of the community as it pertains to public health. Authority is given under the Kalamazoo County Sanitary Code and The Michigan Public Health Code for corrective action. Some issues may be referred to another local agency or authority, and some issues are a matter of providing a property owner with educational information. A copy of the Kalamazoo County Sanitary Code is available on our website.

Please provide as much information as possible. All information will be kept private and confidential. You may be contacted by the Kalamazoo County Health Department to collect more information if needed. Please also note that this office cannot enforce on bed bugs, mold, inactive leaks, or municipal water quality. In addition, this office does not handle financial disputes between tenants and property management/owners. \*Required Fields
