Kalamazoo County Health & Community Services (KCHCS) participates in the Federal “Vaccines for Children” program, which provides vaccines to children who have Medicaid, no insurance, or no insurance coverage for vaccines, or are Native Alaskan or Native American Indian. Please call your insurance provider to find out if you have any immunization coverage. KCHCS can bill some private insurance. Please call 373-5203 to make an appointment and/or find out if we are able to bill your private insurance. For more information regarding the VFC program call 373-5264 or 373-5238 for more information.

***Important! Bring in your child’s immunization record.***

The Health & Community Services programs are open to all without regard to race, color, national origin, sex or disability.
