Kalamazoo County Treasurer

One-Year Extension from Tax Foreclosure Policy

The goal of the Kalamazoo County Treasurer is to assist delinquent taxpayers who are working actively to catch up their delinquent property taxes. Hardship extensions are primarily granted to homeowners but may occasionally be approved in other circumstances.

The person requesting an extension must:

1. Hold title to the property or represent the estate if owner is deceased
2. Complete the attached one-year extension application
3. Present a plan for payment. Plans may include one or more of the following:
 - a. Monthly payments to the Treasurer (auto-pay is available)
 - b. Assistance from a local help agency
 - c. Recent history of making regular payments
 - d. Sale or refinancing of property

We may request: Income verification, federal tax returns, land contracts, deeds, state assistance statements, estate documents, proof of occupancy, sales agreements, etc.

We will never request: proof of immigration status

The law requires the Treasurer to review your income and allows the Treasurer to grant hardships to property owners whose household income is at or below the federal poverty income standards (as defined annually by the United States Office of Management and Budget). However, the Kalamazoo County Treasurer will consider extenuating circumstances that may create financial hardship even if your income exceeds the federal standards. Withholding the property from the foreclosure petition is the sole judgement of the County Treasurer. We are willing to discuss your individual situation with you as part of the application process.

Granting of financial hardship status shall be for only current year(s) pending foreclosure. It extends only the time to pay the amount due; additional expenses, interest, and penalties continue to accrue.

Please call or visit us if you have any questions or to discuss your options. 269-384-8124
