**Process Information**

In October 2019, our community implemented Coordinated Entry to ensure that all clients experiencing homelessness would receive the same intake experience and become matched to the most appropriate program. Below the graphic shows that the average days a client initially presented at an access point to when they were matched with the Millage Program at the Community Housing Matching Process (CHamPs) meeting was 7 days.

At the start of Millage Year 4 a programmatic change was made to cap the In Process List at 75 households and a Leasing Specialist was hired to specifically focus on working to house those families.
