## **Kalamazoo County Government Continues to Provide Essential County Services**

In the Pursuit of Extraordinary Governance...

As a result of Governor Whitmer's Emergency Declaration, Kalamazoo County Government is continuing to provide essential services with limited staffing for the period of **Monday, March 16 through Sunday, April 5, 2020**, to mitigate the risks of the COVID-19 spread.

"This is an emerging public health issue that Kalamazoo County Government is actively monitoring. I want our community to be assured that we are in full coordination and cooperation of preparedness efforts throughout the county. There are plans and systems in place to respond to this type of emergency should a case or multiple cases of COVID-19 come here." confirms Tracie Moored, Kalamazoo County Administrator.

The public is encouraged to conduct business via phone, e-mail, and U.S. mail when possible. If you have questions or concerns visit the County website at [www.kalcounty.com](http://www.kalcounty.com).

Healthcare related questions should be directed to Kalamazoo County Health & Community Services Department's call center at (269) 373-5267.
