Self-Employed Workers

The State is also seeking solutions for self-employed workers and independent contractors who traditionally do not have access to unemployment insurance. The governor has requested that President Trump issue a Major Disaster Declaration so that Individual Assistance and Disaster Unemployment Assistance through FEMA may be made available to additional Michiganders affected by the COVID-19 pandemic.

Employers

Work Share

Employers are encouraged to implement the State's Work Share program that permits employers who may be facing maintain business operations during declines in regular activity instead of laying off workers. The program allows employers to keep their employees working with reduced hours, while employees collect partial unemployment benefits to make up a portion of the lost wages.
