

How to Use this Workbook

This workbook contains specific supplier lists for each of the COVID-19 procurement needs your company submitted through the Pure Michigan Business Connect portal at <https://pmbc.connect.space/covid19/forms>

Due to the volume of supplier responses that PMBC has received for this initiative, we have been unable to specifically vet every supplier company, but we're hopeful that the details submitted by each supplier in their application helps to determine their legitimacy.

Personal Protective Equipment (PPE)-related supplier responses have two tabs each. The first tab shows only companies that have indicated that they have product available to sell immediately. For example, "N95 Masks-Have". The second tab shows only companies that have indicated that they have the capabilities now, or will soon have the capabilities, to manufacture that specific product. For example, "N95 Masks-Make"

For companies that have said they have PPE product(s) available immediately, Column A in the sheet will show you when the application was submitted by the supplier. That is the most recent information that PMBC has for that supplier. We are, unfortunately, unable at this time to have up-to-the-minute information from each supplier about specific product availability.

The most recent supplier responses for each product are at the top of the sheet followed by those from previous days. All responses older than one week are hidden in each product's tab. If you would like to see those responses, choose to unhide all of the rows in that tab.

You may need to scroll right within each tab to see all of the application information from each supplier.

If you have any questions about these lists, please email PMBC@michigan.org

If you have new procurement needs, please submit a new form through PMBC's online portal at <https://pmbc.connect.space/covid19/forms>

Face Shields-Have

Created At	Company	Company Website	Company Description	IMMEDIATE supply of face shields available?	IMMEDIATE Face Shields Ready for Delivery?	IMMEDIATE Face Shields Quantity?	IMMEDIATE Face Shields FDA Approved?	IMMEDIATE Face Shields Cost?	IMMEDIATE Face Shields Domestically Produced?	First Name
